VISION

*To pursue excellence by developing prepared,
responsible, successful citizens of the future.*

Pflugerville High School

Pflugerville High School first attracted national attention in 1958. The Eight-Man football team won 55 consecutive football games, and went on to be named National Football Champions. Almost sixty years later and Pflugerville High School remains a national treasure. Reader's Digest recently recognized Pflugerville High School as one of the Nicest Places in America because since its inception the high school and community has seen tremendous growth and an influx of diverse residents that has enriched the community and culture of the high school. With a supportive and inspiring environment our students continue to make their mark with statewide and national recognition in Speech and Debate, FCCLA, Robotics, Journalism and Audio/Video, just to name a few. While walking the halls of the Pflugerville High School it is easy to see that we are a family that challenges our youth to pursue their talents, reach their potential, and seek their post-secondary success.

School Description

Public Four Year High School -- 6A

Grades 9-12
