

DISTRICT TO PROVIDE FREE MEALS THIS SCHOOL YEAR

We are excited to announce our policy that this school year, healthy meals (breakfast and lunch USDA reimbursable meals) will be offered every school day to all students at **NO COST**. Typically, a student's household must meet income eligibility requirements to qualify for free or reduced-price meals. However, the United States Department of Agriculture (USDA) issued guidance that allows schools to offer meals to all students at **NO COST** for the 2021-22 school year.

However, Pflugerville ISD does request households complete and submit the annual Free & Reduced application this year to ensure fluidity of programs and offerings that may benefit your household and programs.

NUTRITIOUS BREAKFAST & LUNCH OPTIONS AVAILABLE EVERY DAY!

Our menus are designed to ensure that students receive a balanced meal, with items from all major food groups. Many of our recipes have been modified to add whole grains, and reduce fats, sugars and salt. We serve as many as four meals per day at some PfISD campuses which include after school snack and supper options.

A SHARPENED FOCUS ON THE HEALTH & WELLNESS OF YOUR CHILDREN!

The Food and Child Nutrition Services Department welcomes you back to a new school year. As your school district's food service provider, our primary goal is promoting your students' overall well-being and growth with nutritious menus, innovative, student-inspired dining environments, and wellness education programs that support their achievement!

WE ARE WORKING HARD TO KEEP STUDENTS SAFE

The safety and wellbeing of PfISD students and our employees is our top priority. Within Pflugerville ISD's Food and Child Nutrition Services operations, we have in place long-established food safety processes and protocols that we continue to review, refresh and practice. Last year we worked to assess and modify customer-facing services and offerings, as part of our commitment to deliver great food, prepared in a safe environment. We will continue to implement these safety measures during the 21-22 school year.

We want you to have confidence in your child's school food service provider. If you have any questions or concerns that you would like to discuss, we welcome the opportunity to speak with you further.

SPECIAL MEAL REQUESTS

Should your student require any special dietary accommodations you must provide a special meal request form signed by a medical doctor. This form can be returned to your campus nurse. This form can be found on our department web page, and can be requested from your school nurse or cafeteria manager.

While meals are **FREE** of charge this year, your student's cafeteria makes available for purchase a variety of A La Carte items to supplement your child's meal that are not included with the reimbursable meal. These items are all USDA approved for school programs based on nutritional requirements. While cash and check will be acceptable methods of payment to purchase these items, we encourage parents to take advantage of our cashless transition system via [MySchoolBucks](#). This online payment service provides a quick and easy way to add money to your student's meal account using a credit/debit card or electronic check. You can also view recent purchases, check balances, and set-up low balance alerts for FREE!

If you do not wish for your child to purchase any snack items with their meal account, please notify us by completing the form located under the "Your Child's Meals Money Account" tab on the PfISD Food and Child Nutrition Services page, and submitting it to our Food Service Office via email denise.meserole@pfisd.net so that we may note on your child's account.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English. To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.
