Pflugerville, Texas 78660

Tammy Rebecsek, Principal | Adrian Tristan, Assistant Principal

Dear Parents,

We have received very valuable feedback from parents regarding the recent allergy policy change. As always, our chief goal is to protect our students and to keep them safe and learning while they're at Mott. After collecting feedback from parents, staff members, and administration, the allergy committee has met and revised our policy to address some specific concerns.

For the safety of all our students, the following changes will go into effect after winter break:

* Effective February 3, 2020 Parents may only bring non-food goodie bags for birthdays. We will no longer be able to accept food items for whole-class birthday treats. As always, you are welcome to send special birthday treats for your own student to enjoy for lunch or snack, and parents are welcome to join their student for lunch on their birthday as well.

* For classroom food activities such as party days or food-related learning activities, parents of children with food allergies will need to complete an allergy permission form stating which foods their student is allowed to eat or handle. If this form is not returned prior to the event, the student will not be able to participate in the activity.

We appreciate the care and time that the teachers and allergy committee members have given to this very important matter, and for the feedback and support we have received from our parents. We are dedicated to keeping our kids safe here at Mott and believe that this will help achieve that for all our students.

Sincerely,

A handwritten signature in black ink that reads "Tammy Rebecsek". The signature is written in a cursive style with a large, prominent 'T'.

Tammy Rebecsek
