

# SPECIAL MEALS REQUEST FORM

## Eating and Feeding Evaluation

The Child Nutrition Department is required by the United States Department of Agriculture (USDA) to provide appropriate menu substitutions to students with life-threatening allergies (those that can cause anaphylactic reactions), or for students with disabilities that restrict their diet.

If this is a life-threatening allergy, or if your child has a disability that restricts their diet, please supply your school cafeteria manager with this SPECIAL MEALS REQUEST FORM (Parts A & B), completed in full and signed by a licensed physician.

If you child's food allergy is NOT life-threatening, the Child Nutrition Department may, although is not required, to make the requested menu substitutions. Decisions will be made on a case-by-case basis. Food substitutions may be made at the discretion of the Child Nutrition Department for individual students who do not have a disability or life-threatening allergy, but who are medically certified as having a special dietary need, or religious diet request. Before any decisions are made, this SPECIAL MEALS REQUEST FORM (Parts A & C) must be completed in full and signed by a recognized medical authority. If you have questions or concerns, please feel free to contact the Child Nutrition Department's Director, Geoff Holle (Geoff.Holle@pfsid.net; 512-594-0432) or Dietitian, Linley Danner MS, RD, LD (Linley.Danner@pfsid.net; 512-594-0438).

Currently, PISD's Child Nutrition Department does not provide non-dairy or lactose-reduced/lactose-free milk substitutes to non-disabled students who cannot drink fluid milk due to a medical or special dietary need. Additionally, juice is not an approved fluid milk substitute, unless clearly stated by a physician in relation to a student with a life-threatening allergy or disability. Milk is not required to be taken as part of Offer-vs-Serve regulations and students may choose juice when offered as a fruit component in the meal.

### PART A.

The U.S. Department of Agriculture School Meals Program requires that ALL QUESTIONS BE ANSWERED in order for ANY diet modifications or substitutions to be made to school meals.

#### TO BE COMPLETED BY PARENT OR GUARDIAN

I understand that it is my responsibility to renew this form before each school year and anytime my child's medical or health needs change. As the parent or guardian, I give permission for Pflugerville ISD to contact the physician's office regarding my child's dietary needs.
