

Go-anywhere access to your health benefit plans.

UnitedHealthcare Health4Me® is a convenient on-the go version of myuhc.com® —your source for important health, dental and vision plan information.¹

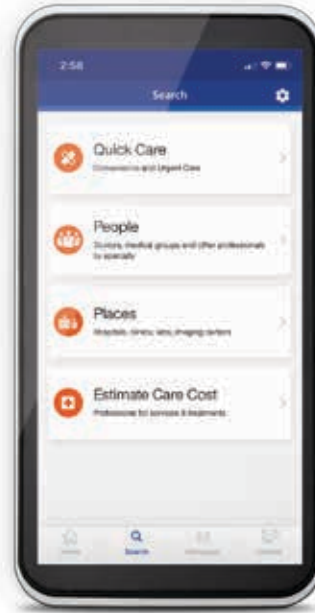

Additional features include:

- Quick access to customer service, whenever and wherever you need it.
- HealthSafe ID™ protects your personal information and simplifies login.
- Care and cost resource for medical treatments and services.
- Coverage and claims review for plans.¹
- HealthNotes reminders for members who may need to take preventive care measures.
- Personalized musculoskeletal messaging.

Quick access.

- **New feature:** View and email dental and vision ID cards.¹
- Monitor health plan account balances.
- Verify coverage information.
- Access key plan details.

Find care.

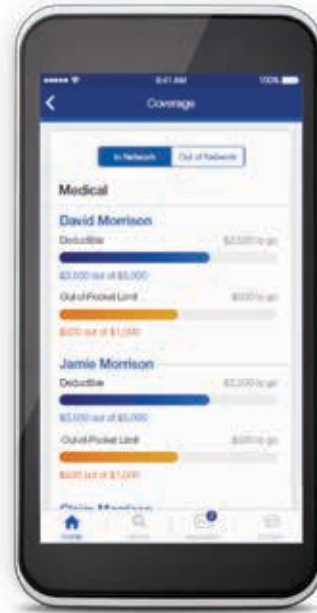

- Locate and research network providers and facilities.
- Learn about procedures and treatments.
- Access hospital quality and safety data.
- Review price and quality for more than 875 medical services for almost 600 health conditions.
- Compare care costs.

CONTINUED

Claims made easier.

- Monitor claim processing and payment.¹
- Pay claims.
- Add claim notes and details.
- Filter claims by type, family member and payment status.

Track your coverage.

- Check deductible balances.
- View out-of-pocket limits.
- Examine plan details for subscriber and dependents.

¹The Health4Me app is available to members with a vision plan from UnitedHealthcare if they also have a health plan from UnitedHealthcare. The app is not currently available to members with only a vision plan from UnitedHealthcare. The dental cost estimator tool is not currently available on the app. Data rates may apply. Screen images simulated.
